Dampak dan Peluang Virtual Event Melalui Game di Indonesia

Nama: [Nama Penulis]
ID: [Nomor Identitas/NRP]
Tanggal: September 2025

1. Pendahuluan

Virtual event melalui platform game telah menjadi fenomena global yang mengubah cara kita berinteraksi, menghibur, dan berbisnis. Konsep ini menggabungkan teknologi gaming dengan penyelenggaraan acara virtual, menciptakan pengalaman imersif yang tidak dapat dicapai oleh platform konvensional [1] [2].

Pandemi COVID-19 menjadi katalis utama pertumbuhan virtual event, dengan peningkatan penggunaan mencapai 1000% sejak awal pandemi [3]. Tren ini tidak hanya berlangsung sementara, tetapi berkembang menjadi model bisnis permanen yang menawarkan efisiensi biaya, jangkauan global, dan pengalaman interaktif yang unik [4] [1].

Indonesia, sebagai negara dengan 148 million active gamers dan pasar gaming senilai $2 miliar, memiliki posisi strategis untuk mengembangkan virtual event berbasis game [5] [6]. Dengan penetrasi smartphone yang mencapai 128% dari total populasi dan 79.5% penduduk terhubung internet, Indonesia siap memanfaatkan peluang besar dalam industri virtual event gaming [7] [^68].

Paper ini menganalisis dampak global virtual event dalam game, mengidentifikasi contoh-contoh sukses di kancah internasional, mengevaluasi kondisi virtual event gaming di Indonesia, serta mengeksplorasi peluang dan inovasi yang dapat dikembangkan di masa depan.

2. Contoh Virtual Event dalam Game Kelas Dunia

2.1 Travis Scott di Fortnite (2020)

Konser virtual Travis Scott "Astronomical" di Fortnite mencatat rekor dengan 12.3 juta pemain concurrent dan total 45.8 juta pengalaman unik [8] [9] [10]. Event ini berlangsung selama 10 menit dengan five different shows dan menghasilkan pendapatan sekitar $20 juta [9] [11]. Konser ini menampilkan Travis Scott dalam bentuk avatar raksasa yang berteleportasi melintasi landscape Fortnite, menciptakan pengalaman visual yang spektakuler dengan elemen underwater dan outer space [11].

Dampak sosial media dari event ini luar biasa, dengan Travis Scott memperoleh 1.4 juta new followers dalam satu minggu dan 81.9 juta Spotify streams [9]. Event ini membuktikan bahwa virtual concert dapat mencapai audiens yang lebih besar daripada konser fisik tradisional.

2.2 Lil Nas X di Roblox (2020)

Lil Nas X Concert Experience di Roblox menarik 37 juta attendees dalam multiple shows [12] [13] [14]. Event ini menampilkan multiple themed stages yang terinspirasi dari lagu dan video musik artis, menggunakan teknologi shadowing, lighting, dan physically based rendering (PBR) facial recognition terbaru [12].

Yang menarik dari event ini adalah kesuksesan finansialnya dari digital merchandise, dengan penjualan mencapai "healthy seven figures" dan berpotensi mencapai "eight figures" [14]. Hal ini menunjukkan model monetisasi baru untuk virtual events melalui virtual merchandise.

2.3 League of Legends World Championship

League of Legends World Championship merupakan contoh virtual event esports terbesar dengan viewership yang mencapai 99.6 million people pada final 2018 [15]. Event 2017 mencatat 60 million viewers, sementara 2021 peak concurrent viewers mencapai 73.86 million [15].

Tournament ini menggabungkan elemen virtual event dengan ceremonial performances yang spektakuler, menjadikannya "the most watched esports event in the world" [15]. Event ini membuktikan bahwa virtual events dalam gaming dapat mencapai skala global dengan engagement tinggi.

2.4 Animal Crossing: New Horizons Events

Animal Crossing: New Horizons menciptakan ecosystem virtual events yang unik dengan seasonal events dan community-driven activities [16] [17]. Game ini mengadakan real-world collaborations seperti dengan various aquariums di Amerika Serikat untuk Animal Crossing Aquarium Tour [17].

Fireworks Shows yang diadakan setiap Sunday di bulan August memungkinkan players untuk mendesain custom fireworks dan berpartisipasi dalam virtual festivals bersama komunitas global [16]. Event ini menunjukkan potensi virtual events untuk edukasi dan community building.

2.5 Ariana Grande di Fortnite (2021)

Ariana Grande's "Rift Tour" di Fortnite menarik 27 million total participants [11]. Event ini menampilkan immersive journey melalui multiple dimensions dengan interactive elements yang memungkinkan players menjadi bagian aktif dari pertunjukan, bukan hanya penonton pasif.

3. Dampak Virtual Event secara Global & Kelebihan Virtual Event

3.1 Dampak Ekonomi Global

Pasar virtual event global diproyeksikan mencapai $297.16 miliar pada 2030, dengan CAGR 20.0% dari 2025-2030 [4] [1]. North America mendominasi pasar dengan 39.8% market share, sementara India diproyeksikan menjadi fastest growing market [1] [18].

Virtual event platform market sendiri diperkirakan mencapai $37.87 miliar pada 2034 dengan CAGR 10.05% [18]. Pertumbuhan ini didorong oleh adopsi digital transformation, remote work models, dan kebutuhan akan cost-effective solutions [4] [1].

3.2 Kelebihan Virtual Event

3.2.1 Efisiensi Biaya

Virtual events dapat menghemat hingga 75% biaya dibanding in-person events [19] [20]. Companies rata-rata menghemat $42,000 per event dengan going virtual [19]. Penghematan utama meliputi:

- Eliminasi venue costs (rata-rata $9,000 per hari untuk venue besar) [20]
- Penghapusan catering costs ($160 per person untuk 3 meals) [20]
- Eliminasi travel dan accommodation expenses [21] [22]

3.2.2 Jangkauan Global dan Aksesibilitas

Virtual events dapat meningkatkan attendance hingga 74% dan memperluas audience reach sebesar 20-30% [19]. Eliminasi geographical barriers memungkinkan partisipasi global tanpa constraints waktu dan tempat [21] [23].

Virtual event accessibility mencakup:

- Partisipasi dari anywhere dengan internet connection [22]
- Dukungan untuk people with mobility issues [21]
- Flexible scheduling untuk different time zones [23]

3.2.3 Environmental Impact

Virtual events dapat mengurangi carbon emissions hingga 99% dibanding in-person events [19]. Eliminasi travel requirements berkontribusi signifikan pada sustainability goals, menjadikan virtual events pilihan eco-friendly [19] [2].

3.2.4 Enhanced Data Analytics

Virtual events menyediakan comprehensive data tracking dengan 77% event organizers percaya bahwa virtual events menawarkan better data collection opportunities [19]. Setiap click, comment, dan action dapat ditrack untuk performance analysis dan future improvements [21].

3.2.5 Higher ROI dan Engagement

Virtual events mencapai 12% higher ROI dibanding in-person events dengan 81% organizations melaporkan higher returns on investment [19]. Lead conversion rate mencapai 40% untuk virtual events dibanding 40% untuk in-person events, dengan virtual events generating 30% more leads [19].

3.3 Technological Advantages

Virtual events memanfaatkan cutting-edge technologies seperti:

- Extended Reality (XR) untuk immersive experiences [24] [25]
- AI-driven personalization untuk tailored content [25] [26]
- 5G integration untuk seamless connectivity [24]
- Real-time interaction tools seperti live polls dan Q&A sessions [25]

4. Virtual Event via Game di Indonesia

4.1 Kondisi Pasar Gaming Indonesia

Indonesia memiliki market gaming senilai $1.79 miliar pada 2023 dengan lebih dari 185 million gamers, menjadikannya largest gaming market di Southeast Asia [6] [27]. Country ini mencatat approximately 3.37 billion mobile game downloads pada 2022, ranking ketiga globally [7].

Smartphone penetration telah mencapai 128% dari total population, dengan 79.5% penduduk (221.56 million Indonesians) terhubung internet [^68]. Infrastructure digital yang kuat ini menciptakan foundation ideal untuk virtual event development.

4.2 Virtual Event Services di Indonesia

Several Indonesian companies telah mengembangkan virtual event services:

4.2.1 TeamBuilding.co.id

Menyediakan comprehensive virtual event organizing services untuk corporate events seperti Employee Gathering, Townhall Meeting, Annual Meeting, Sales Meeting [28]. Services mencakup:

- Complete equipment setup (2 Full HD cameras, greenscreen, sound system, lighting system)
- Virtual assets (virtual stage, opening bumper, video bumper & motion graphics)
- Platform integration dengan Zoom, YouTube, Facebook, Instagram [28]

4.2.2 V-cube Indonesia

Mengembangkan specialized platforms seperti:

- **Enavle**: Virtual Event Sponsorship Platform yang menyelesaikan masalah sponsorship dalam webinar dengan ROI yang measurable [^69]
- **EventIn**: Online Event Platform yang memungkinkan interaction seperti offline events dengan exhibitor booths dan networking capabilities [^72]

4.2.3 Vecha Event Organizer

Menyediakan hybrid event solutions dengan services meliputi Live Streaming, Event Awarding Hybrid, Online Concert, Virtual Meeting, Virtual Platform Development [^66]. Company ini juga menyediakan specialized packages untuk educational institutions dengan graduation ceremonial packages [^66].

4.3 Video Conferencing Market di Indonesia

Indonesia video conferencing market diproyeksikan tumbuh dengan CAGR 9.10% selama 2025-2031 [29]. Market ini didorong oleh necessity of remote work, virtual collaboration, dan improved internet infrastructure [29].

BFSI sector menjadi major contributor untuk growth, dengan hardware components seperti cameras, microphones, dan displays menjadi essential untuk smooth video conferencing experience [29]. Government initiatives seperti Investment in Broadband Expansion dan digital platform development telah berperan signifikan dalam promoting market growth [29].

4.4 Notable Virtual Events di Indonesia

4.4.1 Indonesia Energy & Engineering Virtual Expo (2020)

Sebagai "1st virtual exhibition in Indonesia covering 5 major sectors", event ini menggabungkan 4-day online exhibition, business matching programme, dan daily live webinar series [^70]. Dengan 50+ exhibitors dan 100+ brands, virtual show berhasil menarik 3,000+ visitors [^70].

4.4.2 AICIF 2025

Annual Indonesia Career and Internship Fair merupakan largest virtual career fair di Indonesia dengan 800+ job dan internship vacancies dari companies seperti Lippo Group, Mayora, dan TOTO [30]. Event ini menggunakan AI technology untuk CV creation dan interview simulations [30].

5. Peluang dan Inovasi di Indonesia

5.1 Government Support dan Policy Framework

Indonesian government menunjukkan strong commitment terhadap gaming industry development. Ministry of Communication and Digital (Komdigi) menargetkan gaming industry sebagai "new engine for Indonesia's economic growth" dengan target 8% contribution [31].

Presidential Regulation No. 19/2024 tentang Acceleration of National Gaming Industry Development memberikan regulatory framework yang mendukung:

- Market equality untuk gaming industry [32] [33]
- Cooperation dan investment opportunities [32]
- Protection of intellectual property untuk developers [5] [33]
- Innovation Hub program di Jakarta, Medan, dan Surabaya [31]

Projected domestic gaming market diperkirakan mencapai $2.5 miliar pada 2025, dengan pemerintah berupaya meningkatkan market share local developers [33].

5.2 Innovation Opportunities

5.2.1 Cross-Sector Collaboration

Ministry of Creative Economy membuka opportunities untuk cross-sector collaboration dengan game developers untuk enhance industry capacity [5]. Collaboration ini mencakup:

- Connectivity antara games dengan creative subsectors seperti music, film, illustration
- Development of local intellectual property (IP) [5]
- Organization of global-scale gaming events [5]

5.2.2 Local Content Development

Indonesian game developers telah menunjukkan kemampuan creating internationally successful games seperti DreadOut, Coffee Talk, Ghost Parade, dan Coral Island [32][^74]. Trend ini membuka peluang untuk:

- Virtual events yang menampilkan local cultural elements
- Integration of Indonesian folklore dan history dalam virtual experiences
- Development of culturally-relevant gaming content untuk global audiences [^71]

5.2.3 Emerging Technologies

Indonesia siap mengadopsi emerging technologies untuk virtual events:

- **Extended Reality (XR)**: Integration of VR dan AR untuk immersive virtual experiences [34]
- **5G Implementation**: Enhanced connectivity untuk seamless virtual event delivery

- **AI Integration**: Personalized virtual event experiences dengan intelligent recommendations [25]

5.3 Market Opportunities

5.3.1 Corporate Sector

Dengan economic growth dan hybrid work models, Indonesian corporations increasingly turning to virtual event solutions. Market opportunities mencakup:

- Employee engagement programs
- Product launches dan brand activations
- Training dan development sessions
- Investor relations events

5.3.2 Education Sector

Educational institutions dapat memanfaatkan virtual event gaming untuk:

- Interactive learning experiences
- Virtual graduation ceremonies [^66]
- Student engagement programs
- International collaboration events

5.3.3 Tourism dan Cultural Promotion

Virtual events dapat menjadi powerful tool untuk:

- Promoting Indonesian culture globally
- Virtual tourism experiences
- Cultural festivals dan celebrations
- Heritage preservation melalui interactive gaming

5.4 Investment Opportunities

Government berencana meningkatkan private funding melalui gaming fund system dengan target $40 million annually [6]. Investment areas mencakup:

- Research dan development facilities
- Specialized educational institutions
- Intellectual property law improvements [6]
- Infrastructure development untuk virtual event capabilities

5.5 Upcoming Events dan Initiatives

5.5.1 Indonesia Game Developer Exchange (IGDX) 2025

Dijadwalkan pada October 9-11, 2025 di Bali sebagai "peak of consolidation of national gaming industry" [31]. Event ini akan menjadi platform untuk showcasing Indonesian gaming capabilities dan virtual event innovations.

5.5.2 MMA Innovate Indonesia 2025

Event groundbreaking ini akan focus pada "transformative potential of AI and emerging technologies" dengan theme "Illuminate Ramadan with AI Innovation & Brilliance" [35]. Event ini akan menampilkan:

- AI-powered marketing solutions
- Integration of cultural significance dengan technology
- Cutting-edge innovations untuk marketing engagement [35]

6. Kesimpulan

Virtual event melalui game telah membuktikan dirinya sebagai revolutionary platform yang mengubah landscape entertainment, business, dan social interaction secara global. Dengan contoh-contoh sukses seperti Travis Scott di Fortnite (45.8 million total experiences), Lil Nas X di Roblox (37 million attendees), dan League of Legends World Championship (99.6 million viewers), virtual events dalam gaming telah mencapai scale dan impact yang tidak dapat dicapai oleh traditional events.

Kelebihan virtual events sangat signifikan, mencakup cost savings hingga 75%, peningkatan attendance hingga 74%, dan carbon emission reduction hingga 99%. Dengan global market diproyeksikan mencapai $297.16 miliar pada 2030, virtual events bukan lagi trend sementara tetapi fundamental shift dalam cara kita organize dan participate dalam events.

Indonesia memiliki positioning yang sangat strategis untuk memanfaatkan peluang ini. Dengan 185 million gamers, $1.79 miliar gaming market, dan 79.5% internet penetration, country ini memiliki foundation yang solid. Government support melalui Presidential Regulation 19/2024 dan initiatives seperti Innovation Hub program menunjukkan commitment yang kuat terhadap industry development.

Virtual event services di Indonesia sudah mulai berkembang dengan companies seperti TeamBuilding.co.id, V-cube Indonesia, dan Vecha Event Organizer yang menyediakan comprehensive solutions. Market video conferencing dengan CAGR 9.10% dan successful events seperti Indonesia Energy & Engineering Virtual Expo menunjukkan readiness pasar untuk virtual event adoption.

Peluang inovasi di Indonesia sangat besar, terutama dalam areas seperti cross-sector collaboration, local content development, dan emerging technologies integration. Dengan

cultural richness, creative talent pool, dan government support, Indonesia dapat menjadi regional leader dalam virtual event gaming industry.

Recommendation untuk moving forward meliputi:

1. **Investment dalam technology infrastructure** untuk mendukung advanced virtual event capabilities
2. **Development of local talent** melalui education dan training programs
3. **Promotion of cross-industry collaboration** antara gaming, entertainment, dan corporate sectors
4. **Focus pada sustainable practices** untuk environmental responsibility
5. **Integration of Indonesian cultural elements** untuk unique value proposition dalam global market

Virtual event melalui game di Indonesia memiliki potential yang luar biasa. Dengan strategic approach, collaborative efforts, dan continued innovation, Indonesia dapat menjadi major player dalam global virtual event gaming industry, contributing significantly kepada economic growth dan digital transformation goals.
